

Middleware and Service Training Unit

Middleware for the Internet of Things	Grade	Evaluation method
Know how to situate the main standards for the Internet of Things	3	TP Report
Deploy an architecture compliant to an IoT standard and implement a sensor network	3	TP Report
deploy and configure and IoT architecture using OM2M	3	TP Report
Interact with the different resources of the architecture using REST services	3	TP Report
Integrate a new technology into the deployed architecture	2	TP Report

1-level of application: follow-up of instructions or procedures

2-level analysis: improvement or optimization of solutions or proposals

3-level of control: design of programs or definitions of specifications

4-level of expertise: definition of guidelines or strategies
